

Lincoln Land Community College
Associate of Arts
Speech Language Pathology And Audiology (SPPA)

Completion of an Associate in Arts or Science degree at Lincoln Land Community College fulfills SIUE’s general education requirements with the exception of an Interdisciplinary Studies course that all students must take during their junior or senior year at SIUE.

This “Transfer Program Guide” is an *example* of proposed curriculum for students to use while completing their associate’s degree. Reading, writing, and math placement could alter the course sequencing and transfer date. Therefore, students should begin sequencing their reading/writing (if applicable) and math & science courses during the first semester, paying particular attention to prerequisites. Students have the option of taking summer classes to lessen fall and spring course loads.

It is highly recommended that students meet with a Lincoln Land advisor; for additional information please contact the SIUE coordinator for advising and partnership programs. Please see “**Important Student Notes**” located on page two of this transfer guide.

IMPORTANT STUDENT NOTES:

The preceding information is provided to assist students in the transfer process. In no way does this document substitute for meeting with an academic advisor. Students are advised to meet on a regular basis with advisors at Lincoln Land College and SIUE. Courses taken through dual credit can be applied to required SIUE coursework, please contact Lincoln Land advisor for more information. Please consult the Lincoln Land College and catalog for additional graduation requirements.

Students have 2 options when pursuing a Bachelor's degree in Speech-Language Pathology and Audiology (SPPA).

A Bachelor of Arts degree will require 2 semesters of the same foreign language, which can be taken at either LLCC or SIUE, in addition to 8 Humanities and/or Fine Arts Courses (some of which will be completed with the Associate in Arts.)

A Bachelor of Science degree will require completion of 8 courses in life, physical, or social science, in addition to 2 courses with a lab component (all of which will be met with the completion of the Associate in Arts.)
